ROYAL GREETING GIVEN TO STUART

Scott County Leaders Promise Loyal Support to Nomininee.

HE SPENDS DAY IN GATE CITY

United Party Is Working for Redemption of Ninth District.

[Special to The Times-Dispatch.] Gate City, Va., June 27.—Henry C. Stuart, Democratic nominee for Congress in the Ninth District, fairly fell into the arms of friends when he arrived here this morning, and the royal reception accorded him by the Democrats of Scott county, which has made him more like a winner than ever before, did not end until a late hour tonight. Mr. Stuart came over on a morning train from Wise county, where he has been quietly campaigning for several days, and though he was not aware that his coming had been heralded, a large and enthusiastic delegation, composed of farmers, lawyers, merchants, bankers and other business men, met him at the station and escorted him to the Hotel Boatwright, where he has headquarters and where he received a stream of callers throughout the entire day.

Democratic Welcome.
Somewhat leaked out early this morning that the Democratic leader was on his way to Gate City, and immediately a move was set on foot to give him an old-fashioned Democratic welcome, and right well the plans made and executed. Former Senator Henry S. Kane and Samuel Hayes, editor of the Gate City Herald, were in charge of affairs, and among those who composed the committee were E. Carter, Democratic county chairman; J. M. Johnson, president of the First National Bank; W. C. R. Strong, former Sheriff; S. J. Russell, farmer and cattle dealer; I. G. Cox, bank president; Ex-Sheriff B. B. Broadwater and others.

This is the beginning of the second week of the Scott county Circuit Court, and though Mr. Stuart did not make a speech he met prominent leaders from every section of the county, and on one accord they assured him of their earnest belief that Scott will come up handsomely this fall.

Change in Sentiment.
The town of Gate City is Democratic, while in recent years the county has gone Republican. Recently, however, there has been a wonderful change and that they confidently expect Mr. Stuart to lead them to a crowning victory in November.

Mr. Stuart, by no means a stranger in Scott county, and who has demonstrated here to-day that her people have learned to love him as a tried and trusted leader of his party. He has ridden horseback over every bridle path that leads through this picturesque mountain passes in search of fat cattle, which he began buying from the farmers of Scott county when he was barely of age, and to-day he hardly met a man whose father or whose grandfather he had not known formerly.

Among the prominent men who called on Mr. Stuart tonight was Judge W. E. Burns, of Russell, who is holding court here, and who, though not discussing politics for publication, is yet of the opinion that his distinguished friend and countryman has a fine chance of being elected to Congress.

J. E. Smith, former member of the county, is regarded as one of the ablest and most conservative Democratic leaders in this section, and he and E. M. Carter, county chairman, concur with many others in the opinion that Scott will give the Democratic nominee a majority this fall.

Perhaps Scott county is as free from factional party differences as any community in the State. There is but one brand of Democracy out here, and that is the Stuart brand. The party isn't only thoroughly united and harmonious, but it is as well as the rank and file are militia and aggressive. Mr. Stuart will remain over here to-morrow, shaking hands and conferring with his friends. His plans for the remainder of the week have not been announced.

When asked for a statement tonight, Mr. Stuart said: "I am greatly and increasingly gratified, as I have been going from county to county, by the warmth and genuineness of the enthusiasm with which I have been received. Unless all signs fail, the Democratic party is going to hit in the Ninth District this year, as I believe it will in the nation."

PLEA OF INSANITY IN POWELL TRIAL

Prisoner Is Charged With Murder of Chief of Police C. W. Dunn.

STATE CLOSES ITS CASE

First Witness for Defense Is Daughter of Accused Man.

[Special to The Times-Dispatch.] Warrenton, Ore., June 27.—In the trial of E. E. Powell, charged with the killing of Chief of Police C. W. Dunn, of Scotland Neck, N. C., and seriously wounding State Senator Travis, of Halifax, N. C., and A. P. Kitchin, representative in the last Legislature, in Scotland Neck on March 4, 1910, which began here this morning, having been removed to this county on account of high feeling in Halifax county, the defense early indicated that its plea would be that of insanity.

The State is represented by Solicitor J. H. Kerr, Hon. W. E. Daniel, Congressman Claude Kitchin, Albion Dunn and H. S. Alexander, of Scotland Neck, and R. C. Dunn, while the attorneys for the defendant are Hon. Tasker Polk, of Warrenton; Gay & Midgette, of Jacksonville, and Ex-Governor C. B. Aycock and Ex-Judge R. W. Winston, of Raleigh.

Kitchin on Stand.
The star witness for the State on the stand today was Hon. P. Kitchin, brother of Governor W. Kitchin, of North Carolina, who testified that on the day of the shooting Senator Travis took dinner with him, and after dinner, as the two were returning to Kitchin's office, they were accosted by Powell, who asked Travis:

"Young man, why didn't you answer my letter in regard to my boy when he was in trouble?"

Travis answered that he did not recollect having seen any letter, whereupon Powell said:

"You treated me like a d—n scoundrel," with other more vituperative words. Kitchin placed his hand upon Powell's shoulder and attempted to quiet him. Quick as a flash Powell drew his pistol and shot three times, first shooting Kitchin, then Travis, and last Dunn.

Who had been near and had come up to stop Powell. He then testified that Powell was intoxicated and that Powell held a grudge against Dunn, who had arrested him as chief of police several times.

The letter which caused the trouble was found unopened in a pile of correspondence at the residence of Powell after he was removed to the hospital in Richmond. It was a good, business-like letter, written by Powell, requesting Travis to defend his son in a trial for affray.

The next witness, Dr. H. L. Clark, then testified that he knew the defendant and it was his belief that he is perfectly sane. He was followed by several witnesses, who testified to having heard Powell curse Dunn and account of his arresting Powell, and each stated his belief that the prisoner is sane.

Miss Powell a Witness.
The State then rested and the defense introduced as its first witness Miss Alice Powell, daughter of the prisoner, who gave an account of her father's conduct substantially the same as that of the State's witnesses, but showing that about three years ago her father's mind had become unbalanced on account of the death of a son, who he had acquired a habit of drinking and had ceased to be a support to the family; that he began to indulge in extremely peculiar habits, such as dressing a dog in many-colored ribbons and a bell; that he would spend hours at the grave of the son and write messages to the dead son on a sign over the grave, and that he seemed to think all the world to be his enemy.

The State began cross-examination at this point, and after having Miss Powell admit that the prisoner used whiskey abundantly, rested until to-morrow morning.

"Just Say" HORLICK'S

It Means Original and Genuine Malted Milk

The Food-drink for All Ages. More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

NEED HOMES FOR INDUSTRIAL FOLK

Chamber Committee Discusses Question of Getting Manufacturing Plants.

MAY PICK SOUTH RICHMOND

Must First Have Low Rentals and Good Dwellings to Bring Them Here.

Development of some territory in Richmond or closely adjacent to it as a location where industrial operatives may secure homes at a low rental is seriously contemplated by the Chamber of Commerce, the enterprise committee of which, at its meeting yesterday noon, determined to take up the matter at once and push it to a successful conclusion. No particular site or locality has yet been settled upon.

One of the obstacles which has kept manufacturers from bringing or erecting their plants here has been the fact that the city of Richmond is so high as to be almost prohibitive for the employees of such plants. It is necessary, in order to get manufacturing concerns to locate in Richmond, to give them assurance of a low rental for their operations, and the inability to make such assurance heretofore has probably hindered some manufacturers from coming here.

Want New Settlement.
It is therefore the purpose of the enterprise committee, acting for the Chamber of Commerce in this project, to select some well developed portion of the territory of the city or its suburban sections and build there suitable homes, which are to be rented to industrial operatives at such a figure as will meet the amount which they can reasonably pay. It is believed that such an enterprise will soon pay for itself, as well as add to the industrial growth of the city.

It is possible, though nothing is yet decided, that this territory may be located in Washington Ward. One of the reasons advanced for the annexation of that territory to Richmond was the proposition that homes for industrial employees might be erected there and rented to them at a low cost.

To Exhibit Products.
Another matter favorably passed upon by the enterprise committee yesterday was the proposed manufacturers' exhibit, which will consist of an exhibit of products of the local manufacturing plants, housed in a suitable building and made one of the points of interest in the city. It was decided by the committee to call a conference of all the manufacturers of the city at an early date and to put the matter up to them. Business Manager Dabney, of the Chamber of Commerce, is collecting a vast amount of information on the utility and value of such an exhibit from cities which already have them, and this will be laid before the conference of manufacturers. The date of the conference has not yet been set, but it will take place in the near future. The enterprise committee thought the proposed exhibit would be an excellent thing, and it is believed that the manufacturers of Richmond will establish such an exhibit before many months have passed on.

REQUISITION ISSUED

Two Men Wanted in Roanoke Are Under Arrest in Washington.
A requisition was issued by Governor William H. Mann yesterday on the District of Columbia for H. L. Kenney, alias Dave Harper, alias H. L. Penny, and for James Davis, alias James D. Dunbar, both of whom are wanted by the authorities of the city of Roanoke. J. E. Manuel, of Roanoke, obtained the papers and will go for the men. Both men are under arrest in Washington. They are charged with having stolen \$56 from a pool-room in Roanoke on June 19.

Take Oath of Office.

City Clerk Ben T. August yesterday swore in thirty police officers recently re-elected by the Board of Police Commissioners. The squad, including captain and several sergeants, appeared at his office in a body at noon.

S.S.S. REMOVES ALL HUMORS FROM THE BLOOD

The cause of all skin diseases can be traced to some humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin trouble can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True, such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can only be palliating and soothing. S. S. S. cures skin diseases of every character and kind, because it purifies the blood. It goes into the circulation and removes the humors that are causing the trouble, builds up weak, acid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, Erysipelas, and every other variety of skin affection. When S. S. S. has driven the humors from the blood, and purified the acid-blooded circulation, every symptom passes away, the cuticle is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins. Book on Skin Diseases and any medical advice free to all who write: THE SWIFT SPECIFIC CO., ATLANTA, GA.

Five Years Ago

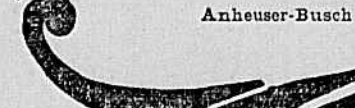

We believed that the keeping qualities of beer sealed with corks was superior to that sealed with crown caps. To-day we positively know that

Budweiser

retains its brilliancy, effervescence and flavor better when sealed with crown caps. We know this because we have tested thousands of bottles both ways, and these tests compel us to render a verdict in favor of crown caps. Besides, the crowns are infinitely more convenient to both the consumer and the trade. Budweiser is always the same in quality no matter whether sealed with corks or crowns and is bottled only at our home plant in St. Louis.
